

REMARKS

The foregoing amendments to claims 6-16, 18, 20, 23, 27, 31-36, and 39-41 and the submission of the substitute specification are made to conform the present application to the requirements of 37 C.F.R. § 1.821(d) by adding sequence identifiers. In addition, miscellaneous typographical and grammatical errata have been corrected. The present amendments add no new matter to the present application. Accordingly, entry of the amendments set forth herein is respectfully requested.

Respectfully submitted,
